

Thyroid Tumor

2/25/2017

Dear Dr. Lin

I am so grateful for all your years of assistance in keeping and maintaining a healthy body. I loved the way you were always coming up with different methods to treat whatever symptoms appeared in my body. I also appreciated the many hours you assisted me emotionally and spiritually. You are a blessing to your patients and was such a blessing to me.

Thank you for assisting me in becoming Whole and Healed!!!

Love,

- Jubae

Remark: Dr. Lin Does Not Treat a specific condition, instead of helping the body's natural Self-Healing and Self-Regulating functions.
