1/21/2020

Hi, Dr. Lin,

This is Megan. On 10/27/2019, Ultrasound showed that I had Ovarian cyst, Follicular cysts in Ovary, Fibroid Uterus and I came to see you on 11/6/2019. After taking the supplements and the treatments you provided, I wanted to let you know my complex ovarian cyst has disappeared!!! I went for my follow up ultrasound this weekend! 1/19/2020. Nothing there, Gone!!!
