

Liver Cancer

6/19/2013

Doc,

XXXX has excellent news to share with you tonight.
The cancer is shrinking, his liver enzymes are going down.

The cancer has retracted to only being present in the lobe
the vein connecting to the other side of the liver and other

organs are now clear of cancer.
He will bring doctors reports tonight.

Thank You Very Much.....

*Remark: Dr. Lin Does Not Treat a specific condition,
instead of helping the body's natural
Self-Healing and Self-Regulating functions.*
